BI.Dev@akramtaha.me

03/04/1995

Business-minded BI developer with a demonstrated ability to deliver valuable insights via data analytics and advanced data driven methods.

A creative and inventive thinker with agile mindset, who craves challenges and who is not afraid to work outside his comfort zone

ACHIEVEMENTS

Win Scholarship

<http://www.iti.gov.eg/Site/Offers/Scholarships>
2020

Every year around more than 12,900 people apply for this scholarship and they only pick 600 out of the 12,900 to join the BI development track

PROFESSIONAL EXPERIENCE

2/2021 – Present **Excel VBA Developer/ Problem Solver**
At Upwork

- Working on many projects relating to spreadsheets (MS Excel/ Google sheets) to solve problems, analyze data, visualize data and developing macros and scripts to solve and automate the solution of many problems.

2/2020 – 4/2020 **Trainee (internship)**
At IPS

- Assisting in the analysis of the underground storage of reservoir using different tools to estimate the predicted production and calculate the lithology properties and gas specifications.

Education

2020 – 2021 **BI Development Diploma**
(<http://www.iti.gov.eg/Site/PTPPProgram>) at Information Technology Institute (ITI) Ministry of Communications and Information Technology (MCIT)

“well-known Capacity Development program both locally and internationally. The Professional Training program has been designed and implemented by the Information Technology Institute for the past 25 years”

Major: BI Development

Grade: A

2013 – 2018 **BSc. in Petroleum Engineering**
at Cairo University

Grade: Very Good with honor

Graduation Project: Estimate of field production and analysis of the reservoir through the calculation of underground properties and gas properties to develop the and design the best methods to maximum the reservoir productivity.

Grade: Excellent

Certifications

6/2021 **Excel/VBA for Creative Problem-Solving Specialization**
University of Colorado Boulder on Coursera, L7SUJHEYX4CB

5/2021 **Everyday Excel Specialization**
University of Colorado Boulder on Coursera, L7SUJHEYX4CB

4/2021 **Excel Skills for Business Specialization**
Macquarie University on Coursera, LUNA8CG8FYQY

Akram Mohamed

BI Developer

PVT MATLAB PROJECT

Developed a MATLAB project to calculate PVT properties of gas, oil and water with graphs.
2017

Award of Excellence, STP

For exceptional performance and outstanding results, as a member of STP
2016

"Shagrat El Dor" writing competition

"The most prestigious award"
Awarded twice as a creative writer for
2012, 2013

Personal skills

Skilled at learning new concepts and technologies by myself and apply them around me.
Able to work and communicate with different kinds of people within teams to achieve the required tasks.
Always curious to find solutions to different problems faces my work.

Hobbies

Travelling
Professional chess player
Reading
Cooking and baking, Super Chef

Languages

English 
Arabic 
Japanese 

9/2020

Data Science Math Skills

Duke University on Coursera, 4NL9R865QMDK

3/2020

Excel/VBA for Creative Problem Solving

Colorado University on Coursera, ZTUNJX44U9DR

1/2020

Programming Fundamentals

Duke University on Coursera, GBXQSR34KQUF

6/2016

Introduction to Programming with MATLAB

Vanderbilt University on Coursera, UU47RWAD98QE

Technical skills

- Professional in Power BI tool
- Experienced in MSSQL DBMS
- Professional with SQL Services (SSIS/SSAS/SSRS)
- Experienced in MS Excel /Excel VBA
- Aware of Python / MATLAB
